

COVID 19 PROTOCOLS

DOUBLE WASH POLICY

- We put you at the helm with our ***double wash policy***. Our policy is that our practitioners clean the treatment areas immediately after each visit. When you arrive, there are cleaning supplies available. You can choose to prepare your area as you please for added peace of mind.
- There are 2 chiropractic bays which are set more than 6 feet apart from each other in each large adjusting room. If a patient is finishing up in one bay, please go to the other.
- You can also purchase your own personal table covers you can bring to visits for comfort or added protection. We are currently taking orders upon request for table cover sets.
- Remember the best defense is a good offense. Keeping your body healthy (and in particular your nervous system) is key. We are committed to supporting our practice members during these confusing and challenging times. Our goal is to give you the confidence that you're doing as much as you can to build a strong immune system and healthy reserves, not only to avoid illness, but also to feel physically and emotionally strong in the face of future stressors.

THANK YOU FOR HELPING US TO FOLLOW OUR PROTOCOLS
